September 10, 2010

Dear Parents,

I am pleased to report to you that MCPS met Adequate Yearly Progress (AYP) according to requirements established by the No Child Left Behind (NCLB) Act. To make AYP, each school must meet the following criteria:

- 95% participation on the state-mandated assessment, Criterion-Referenced Competency Test (CRCT) in Math, ELA and Reading for students in First and Second Grade
- Academic performance (Annual Measurable Objective)
- Second indicator (attendance)

Schools that do not meet AYP in the same subject for two or more consecutive years are placed in Needs Improvement status. MCPS has met AYP each year and therefore, is not in Needs Improvement.

For more information, please visit the web-site: <http://www.doe.k12.ga.us> and click on AYP School Reports.

Please contact me if you have any questions.

Sincerely,

Dr. Betsy Short
Principal
