

Morgan County Primary Charter School

School Vision: By the time students complete Second Grade, they will perform at or above grade level expectations in Reading, Language Arts, and Math. In addition, by the time students complete Second Grade and throughout their lives, they will use efficient decision-making skills and effectively communicate through listening, speaking, writing, and reading.

School Mission: Our mission, as a community of learners, is to support and challenge students as they begin to develop their individual academic and social potential.
